

Hunger For Healing, A, by Keith Miller

Length: 12 weeks (1-1/2 to 2 hours, including 30-minute video)

Includes: VHS tape, small group discussion guide and book to be purchased by each class member

Best-selling Christian author Keith Miller's personal journey of healing led him into the Twelve Steps years ago. What he discovered there was a highly successful model for emotional and spiritual healing that can benefit many Christians—even those free of evident addiction. In this video series designed for small groups, Keith brings the Twelve-Step model into focus for the church. Relating each of the Steps to biblical principles, he demonstrates how the Twelve Steps have become spiritual disciplines for a new generation. Each session offers an essential lesson in recovery and self-assessment—a way out of a world marked by compulsion, fear and broken relationships and into a new world of serenity, service, and healthy interaction with God and others. Punctuated by interviews with people who have worked the Twelve Steps in their own lives, *A Hunger for Healing* will take your group inside the Twelve Steps and on a life-transforming pilgrimage toward God and the emotional and spiritual wholeness found in Him.
